

Connect With Your Customers

OwnerAutoSite.com is a Web-based loyalty service that provides your customers with valuable vehicle information in a convenient easy-to-access Web site. The OwnerAutoSite.com vehicle pages are automatically created for every customer that you have in your database. Your shop logo, coupons, hours of operation and other pertinent information is displayed on the Web site in a professional manner.

With OwnerAutoSite.com your customers have access to a robust set of interactive Web tools to help them more effectively manage their vehicle's maintenance lifecycle. Everything from Online Service & Repair History to AutoNetTV Video Blogs is included with your complete OwnerAutoSite.com package. With access to AutoNetTV, your customers can view our extensive library of professional videos that explain, in easy-to-understand language, why specific maintenance items are important to the long term health of their vehicle. Your customers will also be able to view scheduled maintenance intervals, schedule online appointments, print out coupons or use our vehicle diagnostic tool - Online Service Advisor.

Vehicle Service History

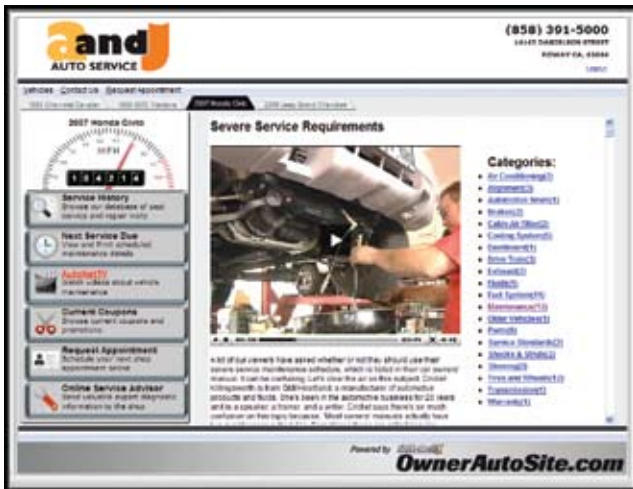

Vehicle Service History is available in a convenient window for printing and sorting.

Next Service Due

The Next Service Due feature provides important details for scheduled maintenance.

AutoNetTV Video Blog

AutoNetTV Video Blog provides your customers with an interactive video menu covering all categories of essential maintenance items.

Coupons

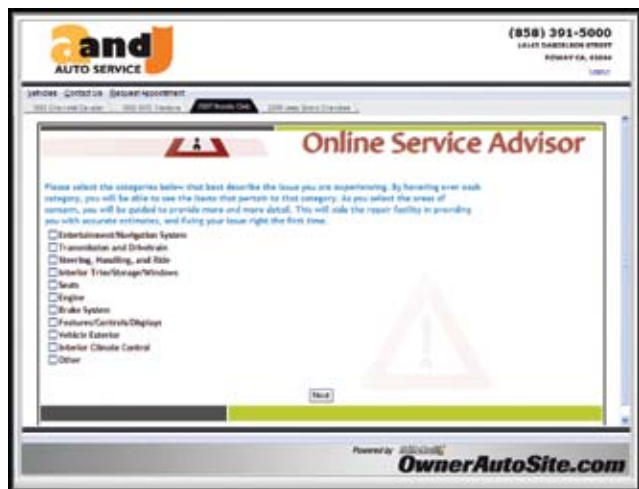

CRM coupons are available to your customers in an easy-to-locate and print format.

Appointment Request

Your customers have the option to request an appointment date online.

Online Service Advisor

OnlineServiceAdvisor is a tool that helps your customers communicate any problem they may be experiencing with their vehicle.
